# Re-read genesis / Exodus for this part

# I was able to find this thing

The 12-ish tribes of Israel

1.Reuben

2.Zebulun

3.Dan

4.Issachar

5.Gad

6.Joseph (split in two with Manasseh and Ephraim)

7.Benjamin

8.Levi

9.Judah

10.Simeon

11.Asher

12.Naphtali

Leviticus sucks to read

Leviticus 20:13

# This passage is weird for another reason

It never says for a woman to never marry a woman

# The previous passages are all don’t marry your father don’t marry your mother all both genders why not now?

Unless maybe this isn’t God’s word?

# Numbers

In this one God is really mad (can’t imagine why) Leviticus 20:13. Also you probably heard of Moses drawing water from a rock. This is why he isn’t allowed into the promised land. God said the Moses should speak to the rock not hit the rock!

# Deuteronomy 25:11-12

I feel that this happened to Moses…

# Joshua

Gosh Mannessa gets so much land speaking of Mannessa it’s one of the two “half-tribes” yes half-tribes there are 11 tribes of Israel and two half tribes. Said half tribes form the tribe of Joseph.

# Joshua 8:32

So this is how these works survive to this day!

# Judges

Just read Judges 19 though the end. If anyone tells you the bible is “family friendly” they have never read the thing.

Ruth just read it yourself it really isn’t that long

# 1 Samuel Israel getting a king all the way ‘till Saul’s death

# 1 Samuel 15:35

God regretted something? Does that mean he can make mistakes? Does it mean He’s not omniscient.

# 1 Samuel 28

That psychic must of been really surprised that her magic *worked*
wonder what Samuel did after Saul left

# 2 Samuel 14:29-31

Well that’s on way to get someone’s attention

2 Samuel 17:23

One rejection was *all* it took?

# 2 Samuel 18:32

Love the way the Cushite breaks the news that David’s son died

# 1 Kings 3:25

He was just doing this to see who would try and save the child; whoever did this would be true mother. But out of context this is very funny.

# 1 Kings 4:31

Ethan the Ezrahite was the author of Psalm 89. Heman was Ethan’s brother (just like the other two (Kalkol and Darda) are). They are both sons of Zerah that’s cool. Wouldn’t know this ‘till chronicles were these people are properly introduced.

# 1 Kings 8:44 and 1 Kings 8:48

Both saying to pray toward Solomon's temple afful muslin of you Solomon

# 1 Kings 17:21

!!!

# 1 Kings 19 10

Obadiah and the 100 prophets he hid are still around. What do you mean your the only one?

# 2 kings  10:27

HAHAHAHAHA

# 2 Kings 20:7-11

The “shadow” mentioned here is theorised to be the shadow from a sundial

# 2 Kings 22:8

We get more of this “book of the covenant” later I believe it to be a transcription of the books Joshua wrote and maybe even Judges as it mentions that book. In 2 kings 23:22. One thing we do know is that this is the law of Moses and that fits well with it being Joshua’s account that the 1st 6 books of the bible are ostensibly are.

# 1 Chronicals 8:33

Saul named his kid Baal? In fact many Isrealites are named Baal at the beginning of Chronicals. Why?
